2.- CONTACT POINT IN EUREKA CELTIC CLUSTER

BASED ON THESE TWO ROLES:

- The strategy of the Spanish administration is based on the major proposals of the FIF:

    - By supporting a coordinated and coherent approach to the development of FI technologies and services

    - By elaborating priorities with added value and implementing measures to enhance competitiveness.

- To fulfill those objectives, we are establishing, in similar manner to that of the FI strategy of the EU

    - Experimental platforms and other kind of supports. Presented by es.Internet Secretariat

    - Special interest in the broad scope os Smart Cities

- We also would like to ask CELTIC and other Eureka Clusters :

- To ask Celtic support on the wider adoption by **Eureka Interclusters group** of those approaches,

- making the use of those testbed and platforms

- complementary to those already established at EU level (bottom up approach of Eureka)
