New powerful IT instruments for Monitoring & Management of Change

Serge Golovanov, GOLEM IMS GMBH, Vienna, Austria
info@golem.at

Organisation Profile

GOLEM Integrated Microelectronics Solutions GmbH
Established 1991, Austria Category: SME

Type: IT development, Internet based team

Product / service: Pharos Navigator IT platform for Monitoring, Analyzing, Benchmarking, Simulation of Complex Dynamic Systems, Objects and Processes

Implementation: Cloud server+ Application objects

Application areas: Enterprise manufacturing and services, Sustainable Urban Development, Hospitals, Governance & Administration, Environment & Energy, Healthcare, Smart House+IoT, Quality & Safety

Proposal Introduction (1)

World change accelerating, lives become more complex, volatile and unpredictable. We need instruments empowering our capacity **Manage the Change**, understand **Flow of Events, Consequences for Businesses, Life quality, Environment**, prepare **Right Responses**.

Advanced IT platform '**Pharos Navigator**' supports:

- Making models of Complex Systems without programming
- Running the models in real life applications for monitoring, analysis, benchmarking and sustainability simulation

A model is a hierarchical structure with indicators presenting dynamic properties of each node of hierarchy.

Application example: Enterprise Monitor

Collaborative development of applications for private and public organizations answering practical needs in

- Manufacturing, Service providing, Health care, Hospitals, Energy efficiency, Corporate risk assessment
- Environment, Health and Safety under strict quality standards including Waste management, Building construction
- Compliance, audit major standards like ISO 9001 ... 50001
- Quantifiable practical sustainability in regional and national governance at enterprise and public administration levels
- Assets and smart building management solutions
- Monitoring, analysis and benchmarking of large eco-environmental geographic areas like **Danube Region**, etc.

Existing partnership

Industrial Management Consulting Slovakia s.r.o, SME

Looking for partnering for projects with:

- City Municipalities
- Local and Regional Governance Administrations
- Enterprises modernizing managerial processes
- Universities, Research institutions
- Corporate supplying turn-key solutions to their customers
- National and International Funding agencies interested in monitoring of their implementations
- Local system integrators willing to advance services to their customers (sensors, data for monitoring, management)
- Project Coordinators

Countries in EU, Africa, Asia, North and South America
