

TeKes Funding for Parallel Projects 2015

How to apply for Tekes research funding?

We are at your service.

Please contact us when preparing an application

CALLS FOR APPLICATIONS

Tekes opens application rounds for research organisations in different themes. Most application rounds are connected to a Tekes programme.

- Open calls: www.tekes.fi/calls

PARALLEL PROJECTS

- Companies and research organisations can create a joint R&D project. In this case the application can be submitted to Tekes at any time.

Submit your application at Tekes online service

www.tekes.fi/online_service

Co-operation between research groups and companies

Based on the needs of companies

Realized as so called parallel project

Large companies and research organizations

- Companies aim for major renewal, which requires research co-operation
- Consortium budget balance
companies minimum of 70%, research organizations maximum of 30%

SMEs and research organizations

- Minimum of 3 Finnish SMEs, that aim for international growth participating
- SME share minimum of 50% of the consortium total budget

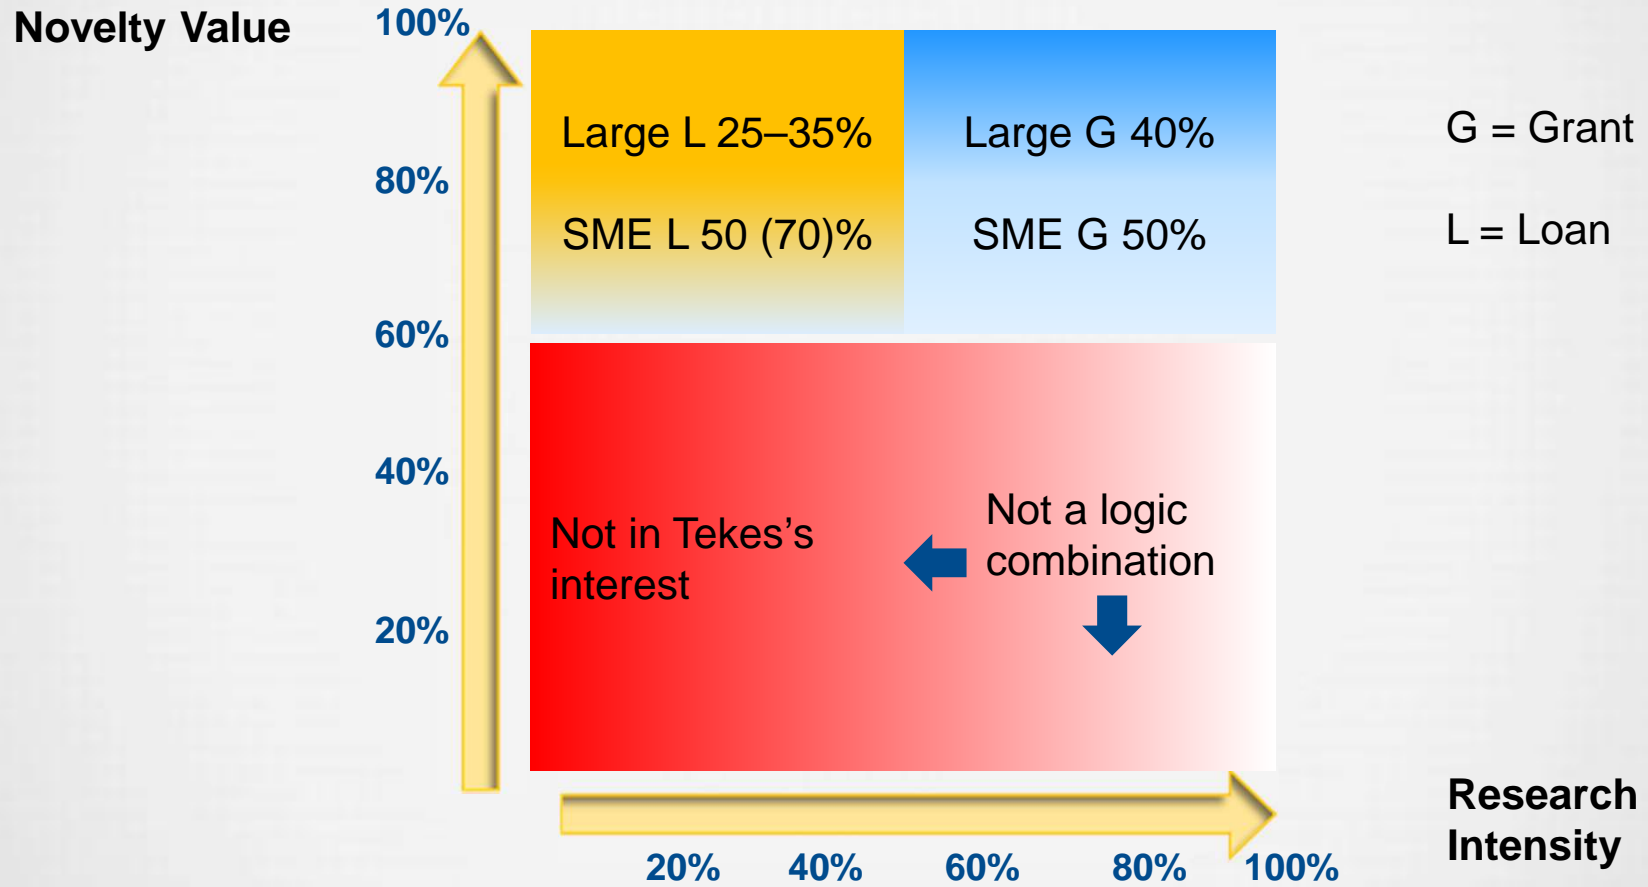

Applying for Funding

- Each partner applies for funding separately.
- Required information and documents as in any Tekes application: Project plan, budget and funding plan.
- Additional documents: common project plan (FPP in Itea3, CPP in CelticPlus, etc.)
- Important to use the same acronym in all participants' applications.
- Please, contact Tekes while preparation phase.

Novelty Value vs. Funding Level for Companies

Reporting in Parallel Projects

All participants report their work to Tekes within the common reporting schedule and are asked to describe, in addition to their own results, also the co-operation in consortium and common results.
