# UK Scope & Eligibility

Innovate UK is a member country of the Eureka network, the world's largest public network for international cooperation in R&D&I, present in over 45 countries.

Innovate UK has always been an active member of Eureka and we see participation in the funding streams, that Eureka provides, as a valuable tool to help UK organisations scale up their approach to international collaboration.

The theme of Global Opportunities is one of our key themes set out in our [Plan for Action](#) and is all about inspiring, involving and investing. Our plan also ties in with the UK's [Innovation Strategy](#) as set out by the Department of Business, Energy and Industrial Strategy
