METALLURGY

EUREKA $\Sigma!$
 innovation across borders

30 YEARS

Clusters in Eureka

Industry led initiatives

- Medium term
- Strategically significant
- International ecosystem of R&D&I actors

Large number of participants

- Major European industries
- Large SME participation (30–50% of partners)
- Research organisations and academia

Fostering European competitiveness

- Develop generic technologies and standards
- Address economic and societal challenges

The Spanish case: CDTI

- National project coordinator office: CDTI
- Public authority (funding body): SETSI & CDTI
- CDTI way of work in Clusters
 - Coordination with SETSI
 - Participation in Public Authorities Boards
 - Promotion at national level
 - Advice participants: applications and funding
 - Technology blind: bottom-up approach
 - Spain has to be a reference in the projects
 - Projects should be strategic and tackle grand challenges
 - Synergies with other European programs expected: FI, 5G
- Spanish Eureka Chairmanship (jul'16-jun'17)
