Online Proposers Day

10th December 2019, via WebEx

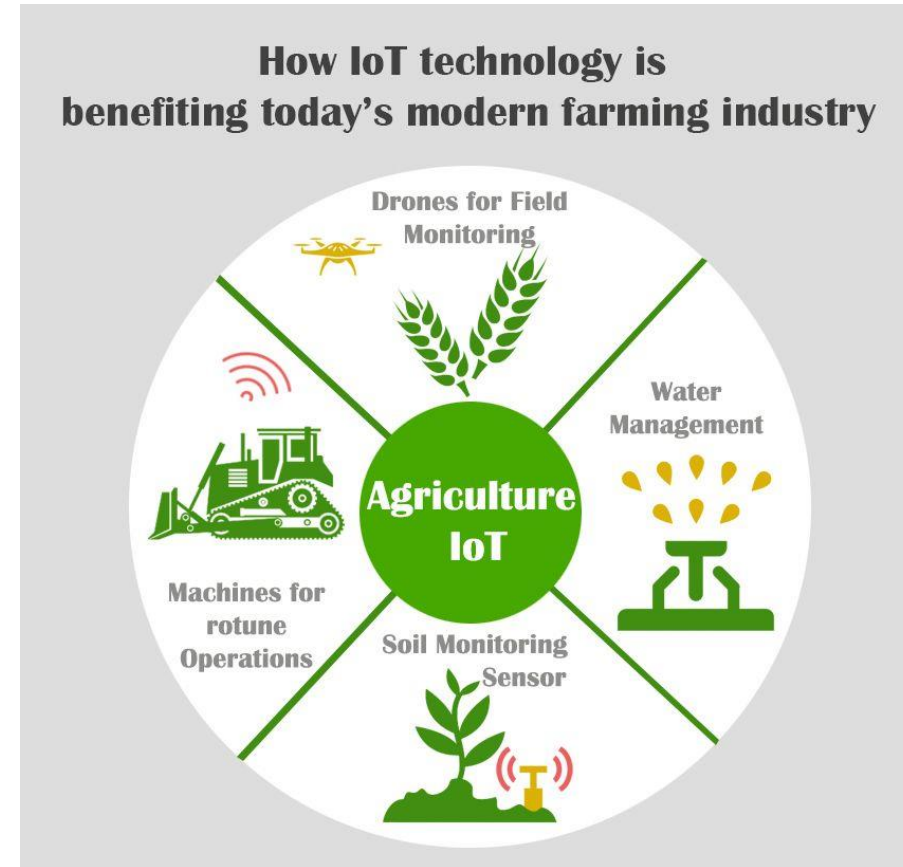

Pitch of the Project Proposal

Smart Rural Water

Alan Whiteside NHS Highland
alan.whiteside1@nhs.net

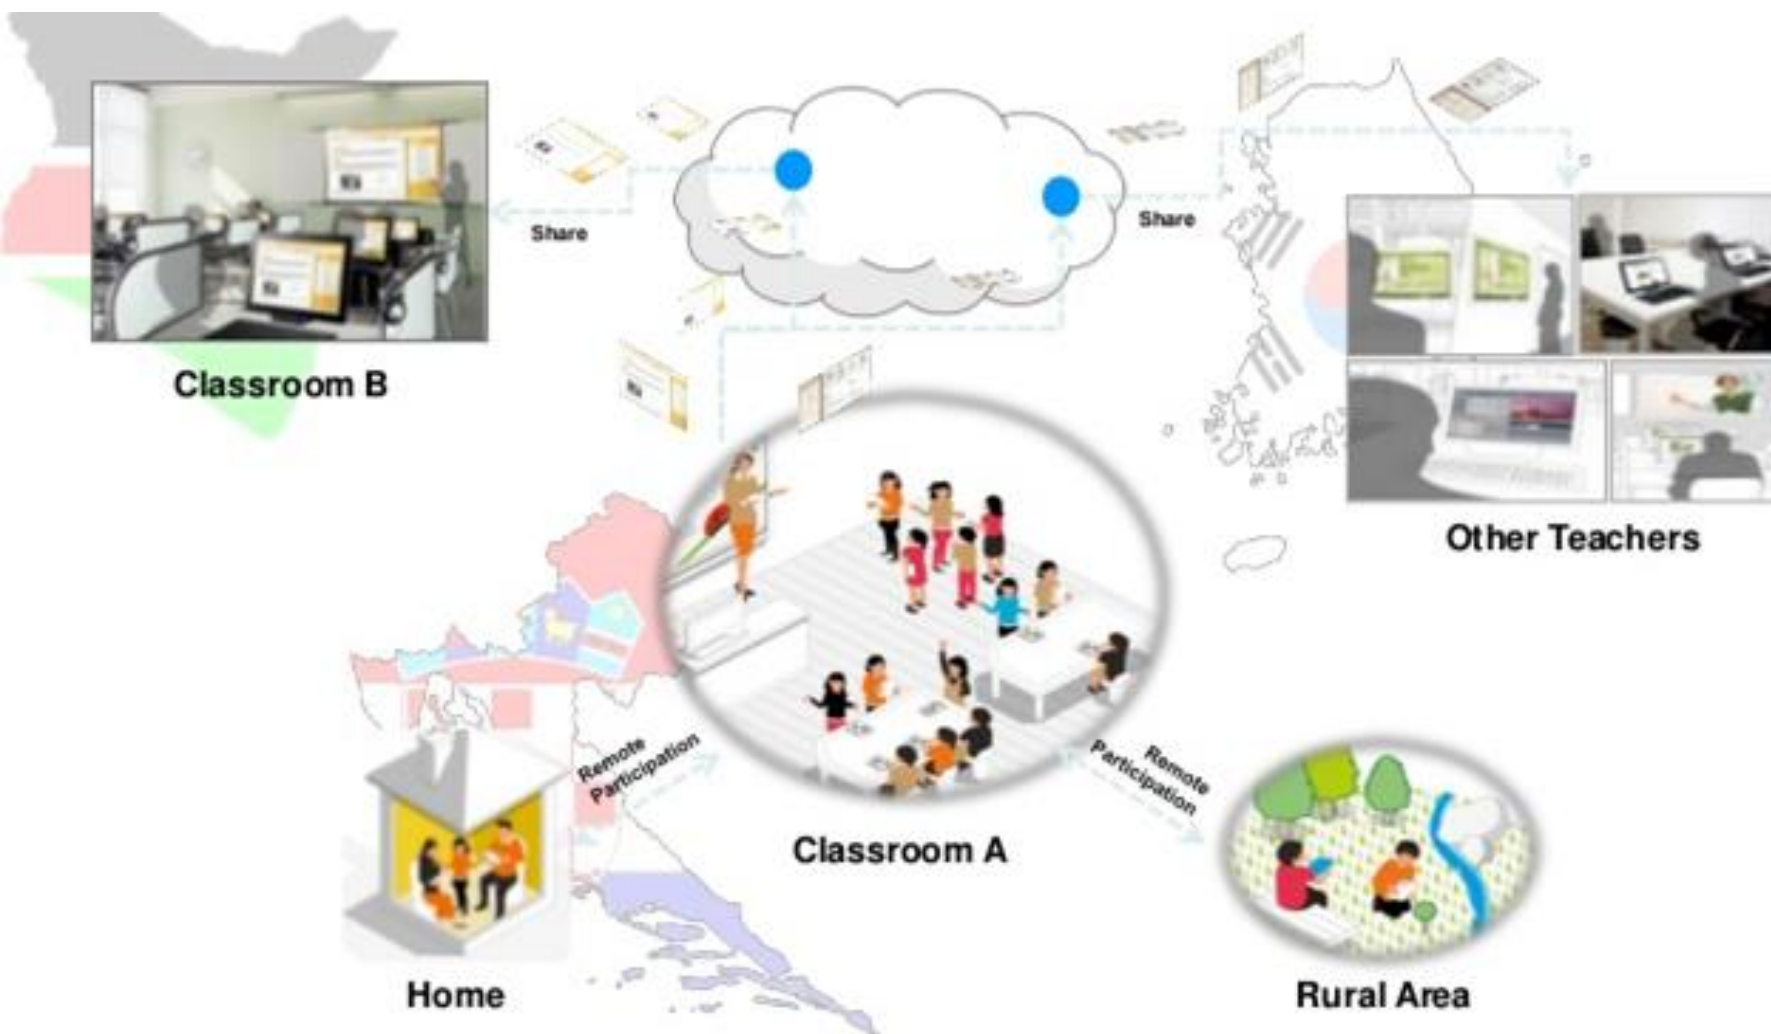

Teaser

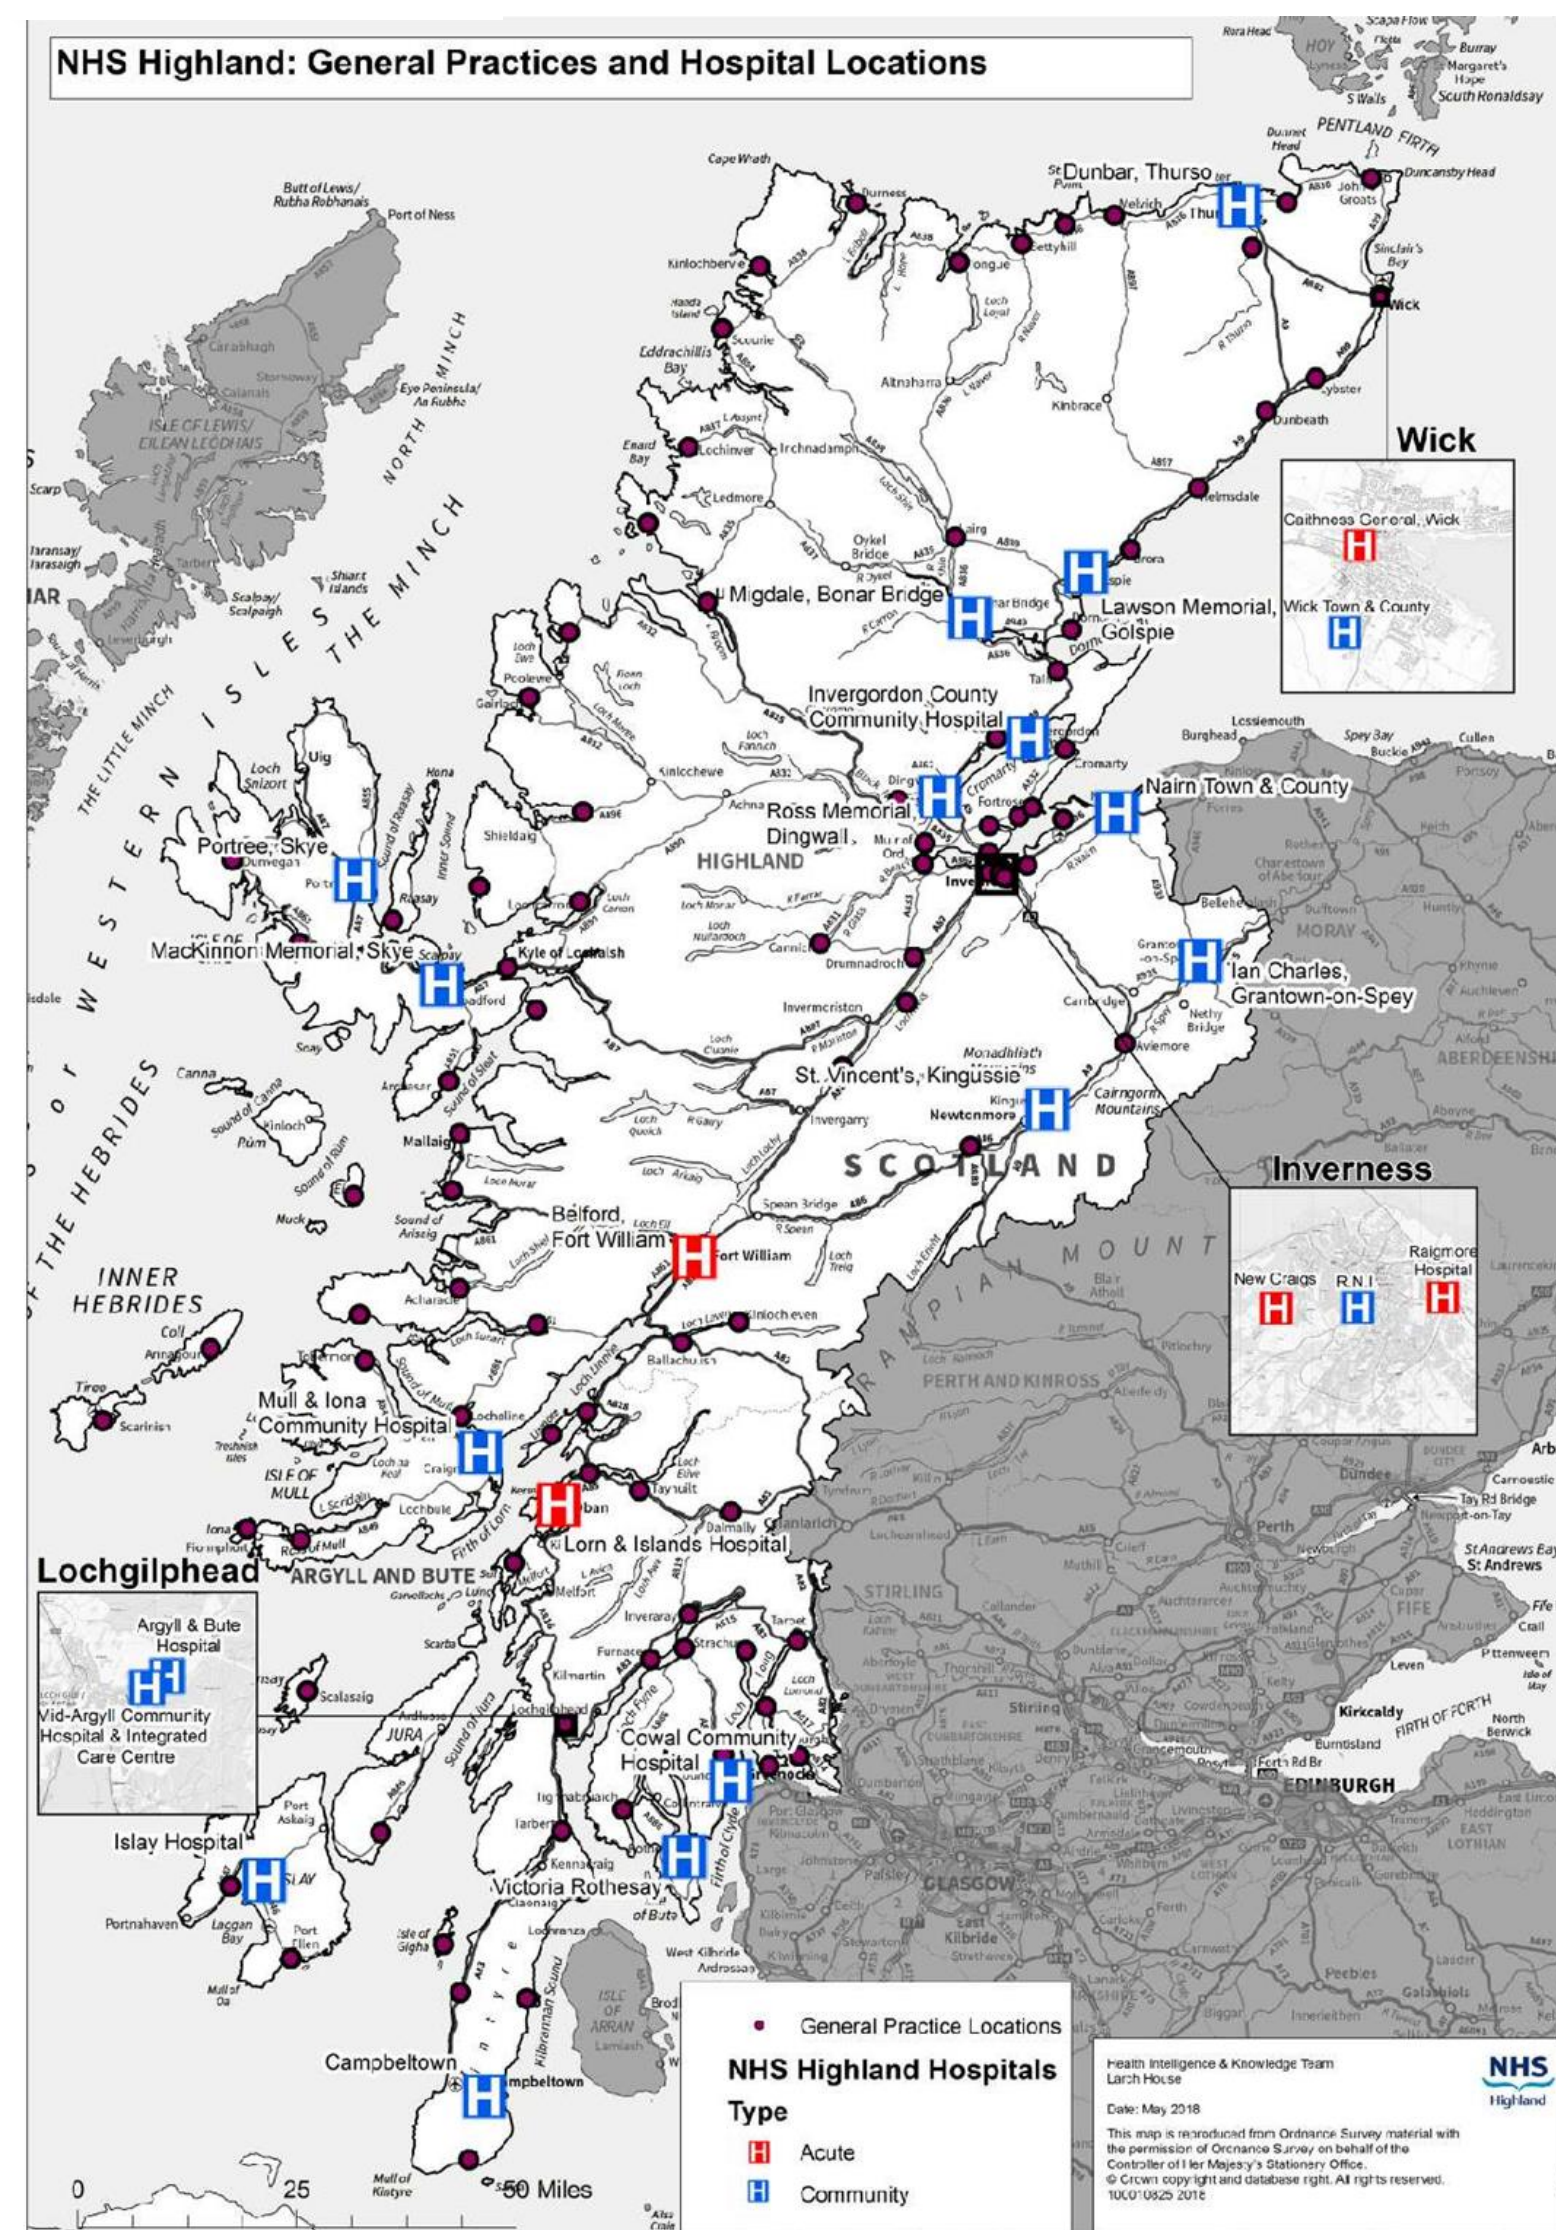

"Environmental" SDGs

Food & Drink, Education, Tourism Energy, Healthcare

Largest geographic healthcare provider in the UK, covering an area equivalent to Belgium with a population of just 320,000.

Utilise enabling technologies to:

1. Improve Healthcare Services and Transition from a Hospital based Therapeutic Model to a Community Based Preventative Model

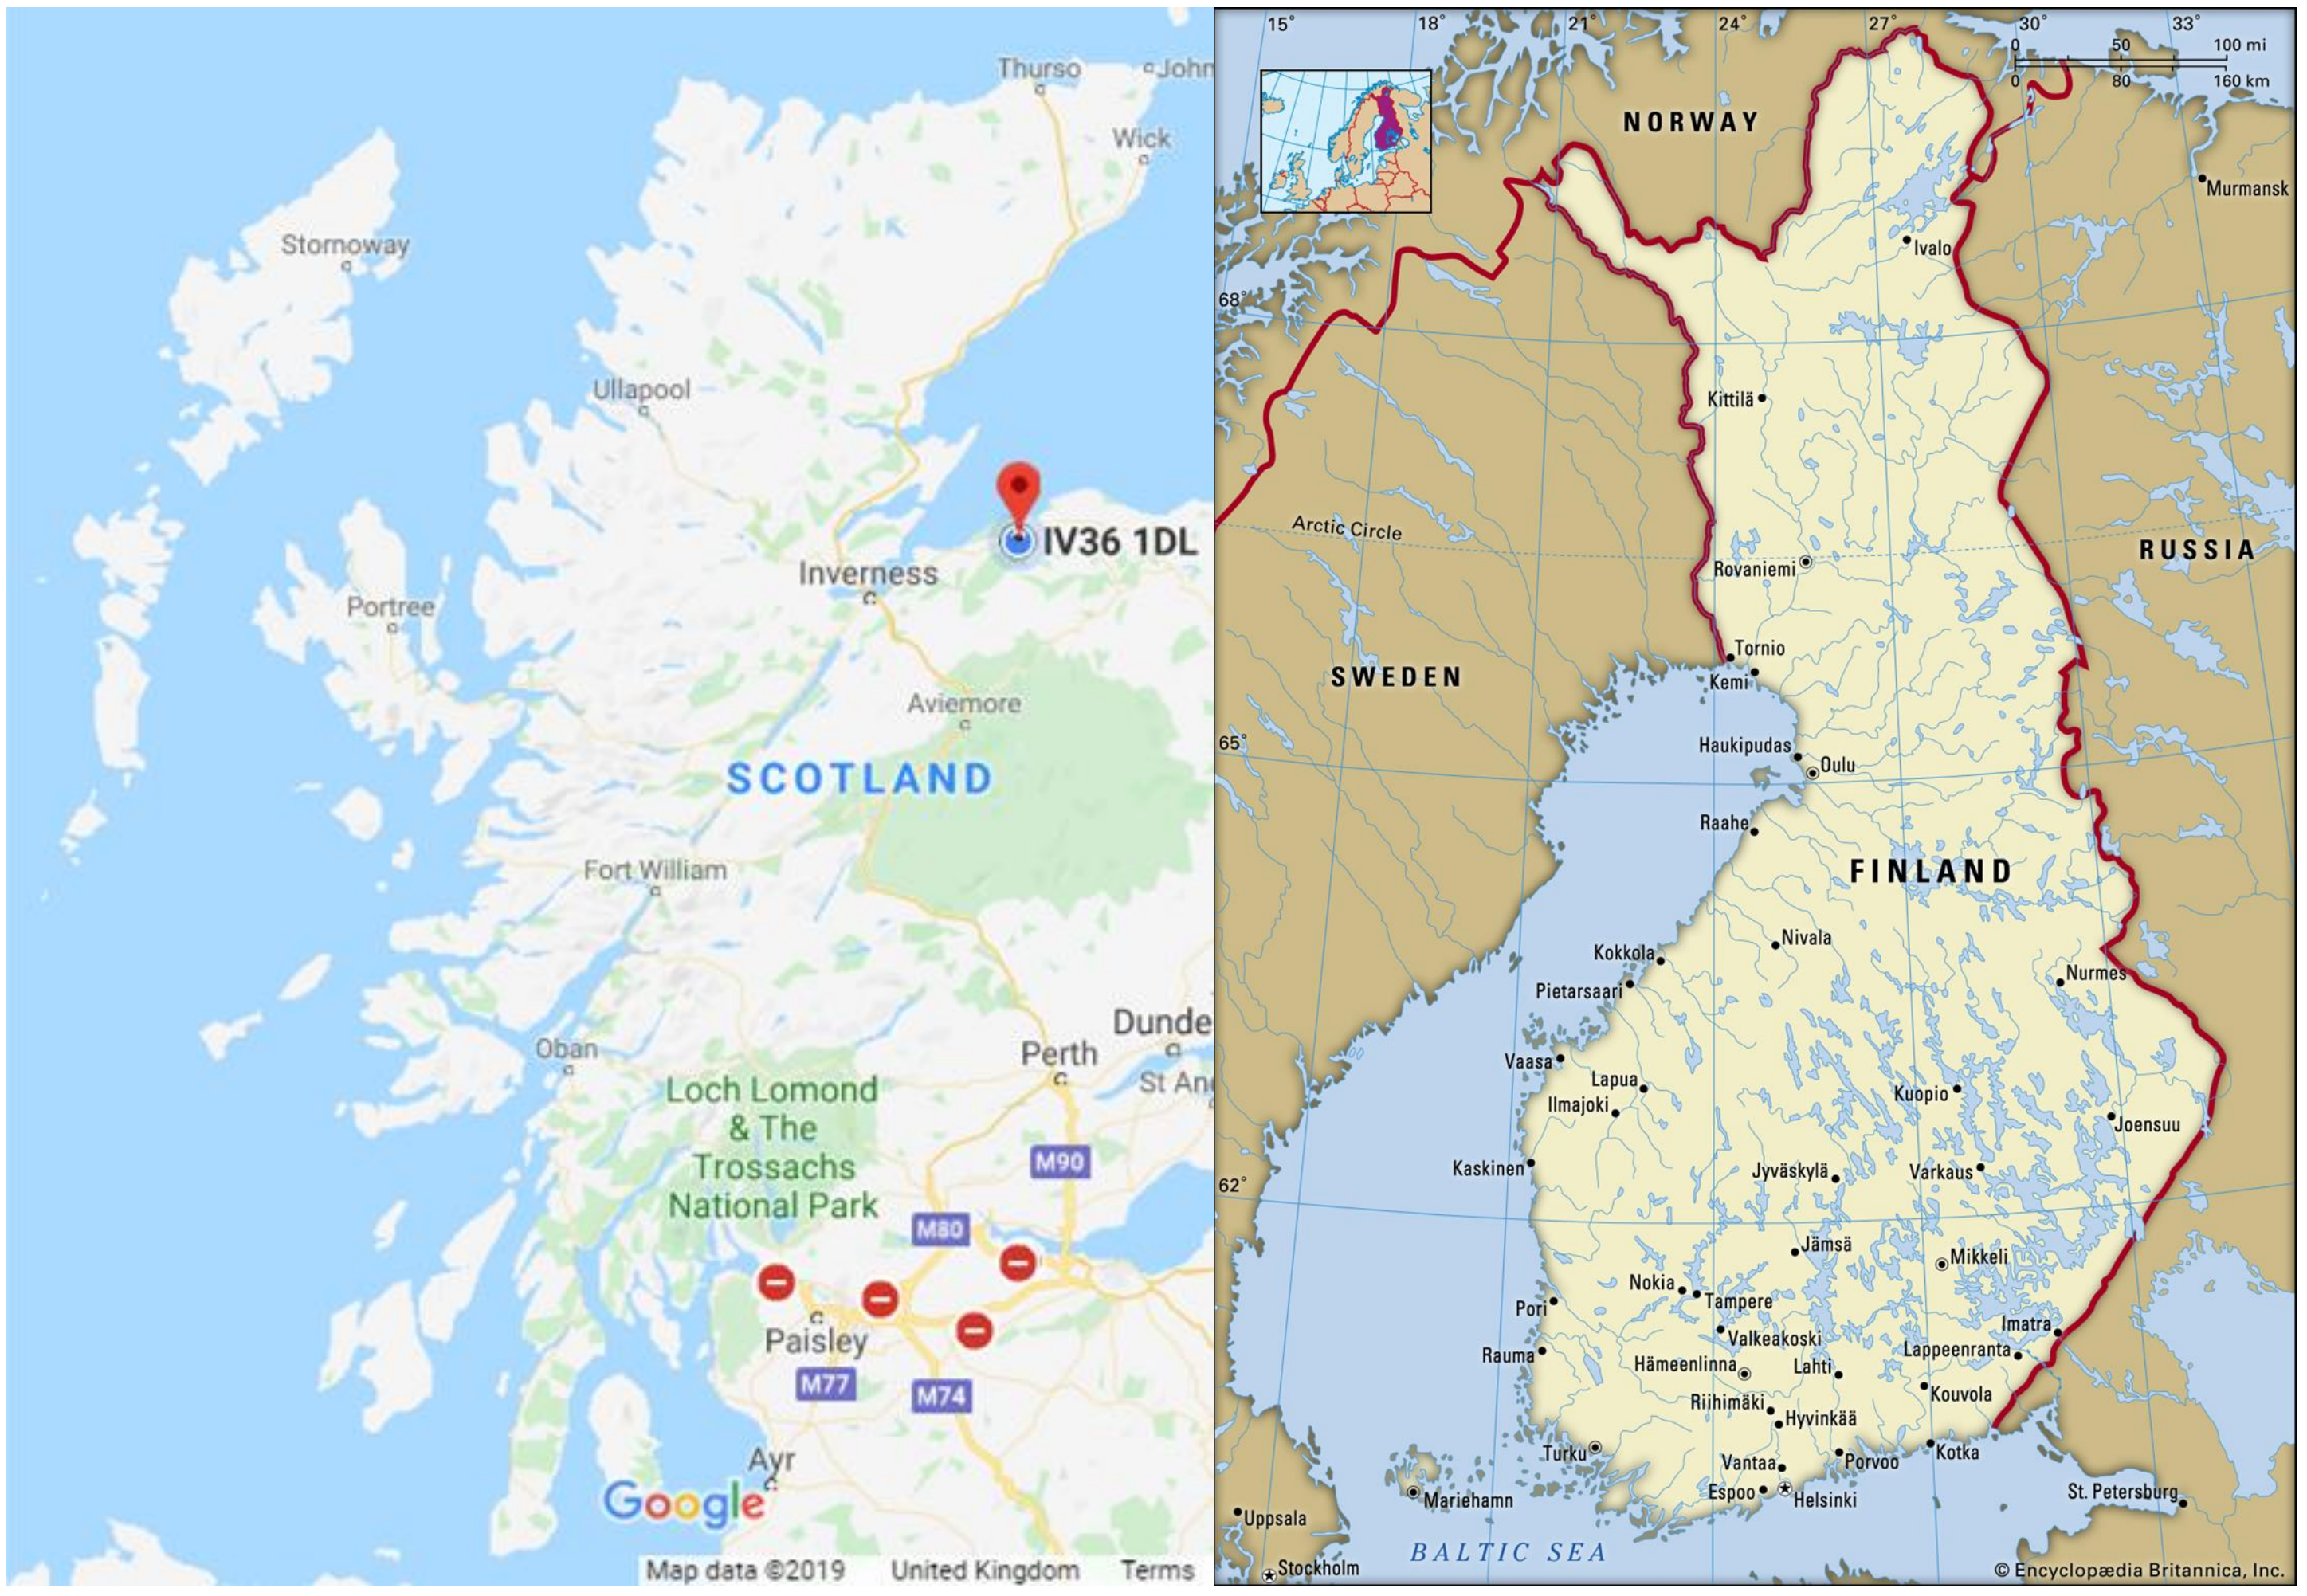

1. Protect the Environment

1. Support other regional key sectors for mutual benefit (Energy, Food and Drink, Tourism and Education)

Water is extremely energy intensive sector and its quality and quantity effects every key sector in remote and rural communities.

One Health Breakthrough Partnership - Collaboration with Scottish Environment Protection Agency and, Scottish Water (Water and Sewerage Services)

Proposal Introduction (1)

**Local
Strategy**

**National
Strategy**

**Regional
Strategy**

**International
Strategy**

Proposal Introduction (2)

**Prioritise
Regional
Focus (S3)**

**Evaluate Digital
Infrastructure**

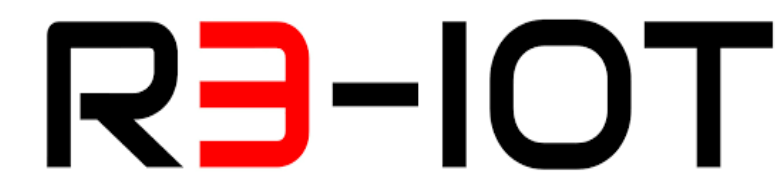

**Plan ICT Driven S3
Water Applications
(Local, Regional,
National & Intl)**

**Regional Smart
Water Application
Demonstration**

**Collaborative Water
Application
Demonstration**

**Business Models
and Development
Strategies**
