• The form fields tagged with a * are mandatory.

• The “PROPOSAL KEY WORDS” field is implemented using a taxonomy form field class which allows easy update of the key word list, such as renaming, deletion of addition of key words.

• The “IDENTITY MANAGEMENT” field determines whether Name, Telephone and Company Name are shown in the Project Idea overview list or search results. The Type of Organisation and Country are always shown. The email address is never shown.

• After submission the CELTIC Office will check and publish your Project Idea or your Expertise.
