Introduction to EUROGIA2020

Sinem Altuncu, General Manager

EUROGIA²⁰²⁰ within EUREKA

EUREKA Σ!

innovation across borders

01

The EUREKA cluster dedicated to low-carbon energy technologies

02

Includes the full energy mix and value chain

Renewables, Efficiency, Carbon Capture and Storage...

03

Labelled until the end of 2021

04

EUROGIA2020 promotes and facilitates partnerships

between industrials companies and researchers across EUREKA member and associated countries

EUROGIA²⁰²⁰ The Cluster of energy mix

a 16-year cluster history
from fossile to renewables

2008

EUROGIA²⁰²⁰ Technology domains

EUROGIA2020 encourages **partnerships between competencies** covering a large spectrum of disciplines and the entire energy mix

Cost effective Energy Sources

- Geothermal
- Solar
- Wind Power
- Biomass
- Hydro Power
- Waves and Tides
- Oil & Gas
- Clean Coal

Enabling Technologies*

- Energy Efficiency
- Energy Storage
- Intelligent networks and energy management
- CO2 mitigation (CCS & valorization)
- Materials (including minerals)
- Tools, fabrication & Installation
- Processes; ICT (e.g. in smart grids)

**The list is not exhaustive*

EUROGIA²⁰²⁰ A process designed by industry for industry: **Light, Fast, Interactive**

Continuous submission with 4 cut-off dates/year

No need to wait for a suitable call

2-step process (PO and FPP)

avoids unnecessary work

The only:

- instrument providing expertise and support to international projects involving all the innovation landscape on Low Carbon Energy Technologies
- Industry Community to foster Low Carbon Technology Development based on an International Public-Private Innovation-Centric Partnership

Project enrichment/improvement

through extensive/continuous feedback and access to the EUROGIA network

Funding success about 80% for labelled projects

No competition between similar projects

quality of your own project is what counts

But parallel applications in each country in addition to global Eurogia2020 application; and synchronisation of funding from each country not always achieved.
