PRELIMINARY ANNOUNCEMENT OF THE 2ND EUREKA CLUSTER AI CALL WITH A SUBMISSION DATE IN JUNE 2021

Based on the interest shown in the 1st Eureka Clusters AI Call in 2020, and the national priorities in the Eureka Member states for supporting the development, adaption and utilisation of emerging Artificial Intelligence (AI) capabilities across multiple vertical and technological domains, the Eureka Clusters CELTIC-NEXT, EURIPIDES²-PENTA, EUROGIA, ITEA3, and SMART, together with a number of Eureka Public Authorities, are now preparing a 2nd Call for innovative projects in the AI domain. The aim of this Call is to boost the productivity and competitiveness of European industries through the adoption and use of AI systems and services.

A successful Project....

Creating Maximum Impact

- ...should primarily target taking Artificial Intelligence technologies beyond the State-of-the-Art
- ...can propose innovations that will enable AI applications too
- ...will form innovative ecosystems, with AI at their core, that will result in high impact opportunities for commercial and/or societal impact
- ...will bring together partners from across the broad AI adopters community
- ...will be a “Mid-size” project with eligible costs in the range of €3-15m, (though projects outside this range may also be submitted), with a typical project duration of 2-3 years
- ...address the Eureka ideals of broad international cooperation and strong technical ambitions
- ...will have held in-depth meetings with the Public Authorities in the countries from which they wish to gain support.
